

Time & date change instructions for: TouchTime

The time and date change must be done at the terminal.

1. Press the "clear" and "enter" buttons at the same time, then enter your SUPERVISOR ID and put your on the scanner. When done correctly a message should appear saying "Enter password".
2. Press number 2 on the keypad and then press "enter".
3. Press "no" to language.
4. Press "no" to date format.
5. Press "yes" to set date and time.
6. Enter 2 digits for the current month and press enter. E.g. 02
7. Enter 2 digits for the current day and press enter.
8. Enter 2 digits for the current year and press enter.
9. Enter 2 digits for the current hour - in 24 hour format e.g. 15 for 3pm.
10. Enter 2 digits for the current minute.
11. Press "no" to set date and time.
12. Press clear until the time display returns
